

# I Rise I Fall

**Johnny Tillotson**

I rise, I fall with each little thing you do.  
You hurt, I hurt -- I'm that much a part of you.  
And when you're happy, baby, I'm happy, too,  
Since I'm that much... a part of you. I rise, I fall with each little breath you take.  
You cry, I cry -- 'cause I feel the same heartache.  
And when you're smiling, baby, I'm smiling, too,  
Since I'm that much a part of you. Your lips are my lips,  
My heart is your heart.  
Never let us be further than  
Just a breath apart.  
I rise, I fall with each little thing you do. You hurt, I hurt -- I'm that much a part of you.  
Everything that you feel, baby, I feel it, too,  
Since I'm that much a part of you,  
Since I'm that much a part of you.
