Blackout

Wretch 32

*Shakka (Chorus)
When the lights hurt my brain
Nothing more I pray then a blackout,
When the candles are ablaze
Nothing more i crave then a blackout,
Let there be no light
Let there be no light 'til the sunrise
Let there be no light
Only then will I open my eyesVerse 1 (Wretch 32)
Is there a light of a mine
It's like a piece of mind
Even when I'm in the dark
Still gonna let me shine
Let me fly, my minds got wings on it,
Gonna play that ground, got pink on it
My little bro's got sixth on it
I splash cash and drink sonnet
I don't wanna act bad, don't wanna see a pap 'flash
I just wanna blackout, without backlash
Don't wanna hear snap,snap,snap, that shit gets annoying
Wanna be alive, not just employed
There, following my heart
Even the light's got faith in the dark.Amen*Shakka (Chorus)[Verse 2 - Wretch 32]
Is it that way you move your hips, or that piercing on your lips
Or that there Serrano flowing, like its serving through a drip
I am no longer a person, Im a star up in the bitch
So I talk with body language, my vocabulary is shit
Got a feeling that youre feeling how Im feeling
Would waking up with me tomorrow morning make your evening
If so, lets find a corner in the place that I can breathe in
My egos claustrophobic, you should know we've had a threesome
Leave it
Innit*Shakka (Chorus)[Bridge x4 - Wretch 32]
Take away my light
Take away my shine
Take away my eyesight
Give me a beat and let me rhymeOutro Chorus (Shakka)
When the lights hurt my brain
Sometimes I pray for a blackout

When the candles are placed
Nothing more I crave than a blackout
Let there be no light
