

Less Than Here

Sacred Sorrow

I feel something creeping in
Cold air blows across my skin
Terrified I cannot move
The evil has entered the room
Overcoming feel of fright
The darkness has taken the night
Please excuse the mess in here
I think we missed your lesson

Why do I want to run away
Why do I want to run

I feel the pull I feel the turn
Did someone flip the afterburn
Slowly I drift into you
Once again I cannot move
Ashamed to look upon your face
I've caused you so much disgrace
Please excuse the mess in here
I think we missed your lesson

At this moment
The only words I can think
That are worthy of your presence
Hail from an old church
Down by a river
Where they were singing...

Savior Savior
While on others thou art calling
Do not pass me by

Hear my humble cry
