

If You Don't Love Me

[E.C. Scott](#)

You can tell me anything
You can tell me anything
I believe you
You know it too
Share the truth with lies
Set aside one flies
Will you realizeIf you don't love me
You don't love me
I will know
If you don't love me
You don't love meYou can ask me anything
You can ask me anything
I will do itYou know it too
Nothing that I'll do
If you want me to
But it's all so trueIf you don't love me
You don't love me
I will know
If you don't love me
You don't love me
I'll know
