Lady Lay Down

John Conlee

Too many times I didn't try to hold you
I never kept the promises I told you
Now it's time I give in, I know
To the words that I should have said long ago[Chorus]
Lady lay down beside me
Wrap all your love around me
I need you to stay
Don't turn away from me now
Lady lay downYou've been alone, I guess I've known about it
You gave me love & learned to live without it
Now that you've turned to go
Let me beg you to stay the best way I know[Chorus: x2]
Lady lay down
