

TV Girl

Blue Meanies

lost in my hotel with a smitten girl we watch tv girls with bleached out hair in curls set in plastic pearls seen on commercials so influential in our melt down world will stay up all night she's my tv girl she's my tv world she's my television cathode sun ray skies burn bed-ridden eyes watch each other's eyes to make sure it's all right will stay up all night she's my tv girl she's my tv world she's my television and st. clare hears you and st. clare's here with you and st. clare knows that you should come down she's my tv girl she's my tv world she's my television girl
