

# Look at Me (When I Rock Wichoo)

## Black Kids

Over and Over baby  
Making you play this game  
If true love waits  
It's a big mistake  
No need to feel ashamed[Chorus]  
When the prices stop  
We're all goin' to drop  
I don't care if we get caught  
When the prices stop  
We're all goin' to drop  
I don't care what you been taught  
I say baby, you say bumping  
All you want to do is get real jumpy  
When the prices stop  
We're all goin' to drop, all goin' to drop, all goin' to dropIf half of what they say is true  
Look at me when I rock with you  
If half of what they say is true  
Look at me when I rock with you  
I sure know it's apocalypse  
But Can't it wait to kiss your lips  
If half of what they say is true  
Look at me when I rock with youBabyYou make me feel so helpless  
I need you after school  
I'm so tired of kissing  
Truly missing  
Making me a fool[Chorus]You never want to give me some  
You never know from kingdom come  
If the lord take you tonight  
Come on baby treat me rightDon't believe in [unknown]  
You're going to give me your last danceIf half of what they say is true  
Look at me when I rock with you  
Rock with you,  
Rock with you,  
Rock with you,[Chorus]
