Psycho Girlfriend

Jessie James

I hate your friends and family
They're trying to take you from me
Oops, I forgot to take the pill againDid I forget to mention
I need all your attention
Or else I'll throw a tantrum for it?Check your phone, check your mail
Check your pockets might as well
It's a test, it's a game, it's just begunPsycho girlfriends so you say
But you ain't trying to run away
You keep coming back for more
Back for moreBaby, when we're making love
I make you think I could be the one
Guess you never had it this good beforeI call you when you're working over and over again
Accuse you that you're cheating when you're not
So my manipulation mixed with cleavage persuasion
A recipe for getting what I wantInsecure, in denial
Immature like a child
Start a fight, tell a lie just for funPsycho girlfriends so you say
But you ain't trying to run away
You keep coming back for more
Back for moreBaby, when we're making love
I make you think I could be the one
Guess you never had it this good before
Good beforeOh, what I'm doing, baby
You forget that I'm crazy
Oh, what I'm doing baby
Oh yeah, oh yeahYou should have known I was nuts from the get go
But now you're hooked and you can't seem to let go
Your friends hate my guts but they don't know
What it's like being loved by aPsycho girlfriends so you say
But you ain't trying to run away
You keep coming back for more
Back for moreBaby, when we're making love
I make you think I could be the one
Guess you never had it this good before
Never had it this goodPsycho girlfriends so you say
But you ain't trying to run away
You keep coming back for more
Back for moreBaby, when we're making love
I make you think I could be the one

Guess you never had it this good beforeBabe, I could be the one
You ain't going nowhere, no
