Embrace the Gutter

The Autumn Offering

This power's racing throughout these veins
An anger grows and forgets my name
Breaking down, I see red, there's one more dose
Just one more dose to clear my headI hate, I hate this sickened world
You know, you know what I mean
Can you, can you, save me now?
Help me from falling downEmbrace the gutter, cut up another
These little white pills won't kill you now
My body's aching, my mind is chasing
These little white pills won't kill you nowTomorrow's empty, one taste to hold true
Today I tempt the ask not what I do
I face an new day with eyes dark and black
I hate this sick world of life
