

# I Want You With Me

[LeAnn Rimes](#)

When I'm walking down the street  
On a quite afternoon  
When I hear our favorite song  
And it gets me in the mood  
When I don't know who I am  
And the world is not my friend  
When I fight my way back up again  
Oh, I want you with me every move I make  
Ooh, I want you to see all that I see  
Through the laughter and the madness  
And every moment in between  
Oh, I, I want you with me  
When I tell my daddy bye  
For the very last time  
When I learn a whole new love  
In our baby's first cry  
You can tell I've done it all  
By the lines on my face  
When I start regretting my mistakes  
Oh, I want you with me every move I make  
Ooh, I want you to see all that I see  
Through the laughter and the madness  
And every moment in between  
Oh, I want you with me  
Ooh, I want you with me every move I make  
Ooh, I want you to see all that I see  
Through the laughter and the madness  
And every moment in between  
Oh, I want you with me  
I want you with me  
Want you with me  
Want you, want you  
I want you with me
