Life

Ana Johnsson

Made of love
Made of sin
Mayday - calling form outer space
I dive inHere I am
Breathing, I`m a miracle
I`m on fire - I`m cold
I can`t be controlled
I`m alive and I`m dead
And I`m ready for the take offLife! Life!
Shocking irresistible
Life! Life1
Crazy unpredictable
You go Hu Hu Hu
If you want some action
Shocking irresistibleGot no fear
I feel no pain
Only blood rushing on its way
Through my veinsHere I am
Breathing, I`m invincible
I am great but I`m small
I`m a brick in a wall
I`m alive and I`m dead
And I`m ready to take offBig bang beating a distant drum
Hear the echoes fill the night
Big bang making the walls come down
For the children of the lightI dive right in...
