

Life

Ana Johnsson

Made of love
Made of sin
Mayday - calling from outer space
I dive inHere I am
Breathing, I'm a miracle
I'm on fire - I'm cold
I can't be controlled
I'm alive and I'm dead
And I'm ready for the take offLife! Life!
Shocking irresistible
Life! Life!
Crazy unpredictable
You go Hu Hu Hu
If you want some action
Shocking irresistibleGot no fear
I feel no pain
Only blood rushing on its way
Through my veinsHere I am
Breathing, I'm invincible
I am great but I'm small
I'm a brick in a wall
I'm alive and I'm dead
And I'm ready to take offBig bang beating a distant drum
Hear the echoes fill the night
Big bang making the walls come down
For the children of the lightI dive right in...
