When You're Near

Snap!

So confusin', so irrational
Must be fiction or a natural
D'you believe me when you hear me say
All my trouble seems to fade away?When you're near I'm walkin' on sunshine
When you're near I'm drownin' within your eyes
When you're near I'm walkin' on sunshine
When you're near I'm drownin' within your eyes
Drownin' within your eyesStay with me, stay forever now
Wanna show you all the love I have
True affection like a spell on me
And I know you'll set it freeWhen you're near I'm walkin' on sunshine
When you're near I'm drownin' within your eyes
When you're near I'm walkin' on sunshine
When you're near I'm drownin' within your eyesD'you believe me when you hear me say
All my trouble seems to fade away?When you're near I'm walkin' on sunshine
When you're near I'm drownin' within your eyes
When you're near I'm walkin' on sunshine
When you're near I'm drownin' within your eyes
