## B5

Can I be your teacher's pet?

It was just another Monday  
Can't wait for this day to end yeah  
I was walking down the hallway  
To class but as I walked in  
That's when I saw this girl so beautiful  
From her head to cuticles  
But what I didn't know was  
See this girl that had me out of breath  
Was a substitute I guess  
'Cause she told me take my desk and

(There goes my heart)  
There goes my heart  
(I guess we were meant to be part)  
I guess it wasn't meant to be

Wish that I could show her that I'm more than smart

Give her a love she can't forget if I could be her teachers pet

[Chorus]

(If I could only have one chance)  
To show you that I understand what it takes to be a man  
(So baby please come take my hand)  
We can keep it on the low  
Girl nobody has to know  
(If I could only be with you)  
Anything you wanna do  
I'm not afraid to try with you  
(I may be young but you can bet)  
You can give me any test if I could be your teachers pet.

As she was writing on the chalkboard  
What I saw made a playa's eye sore  
I know  
There's no way that I could shake this can't take this  
(Caught up in tha matrix)  
Ohhhh noooo

(The way her dress fits)  
Firmly on her waist  
Make that Coca-Cola shape  
Made me wanna get a taste and  
Soon as the bell ring (Bell ring)  
I know I gotta let you go(I know)  
That I just can't let you go  
My feelings are outta control  
(I've been a bad boy)  
(Detention with you somethin' I'd enjoy) I 'd enjoy Yeah Yeah  
I promise that you won't regret  
Making me you teacher's pet

[Chorus]

Said hold up miss, said where you think you goin?  
(Why?)  
'Cause I wanna go too  
(You know you too young for me)  
Aw come on, baby, age ain't nothin' but a number.  
So tell me what you gon' do  
(You tryna go to the office?)  
If it's for you  
(Boy you so crazy)  
Only for you.  
I really wanna be yo man  
Why won't you give me a chance?

[Chorus x2]
