How It Is

Tiara Thomas

I should be the one that you choose
But I'm in a different mood
I'm rolling around breaking move
These snakes on my head like medusa
Dammit I thought that I knew ya
But you was just showing me cool love
So I hesitate with the new love
Cos I'm just afraid I could lose it allI could do a million good things you'll only see me when I fall, damn
But that's just how it is, that's just how we live
They might shut me down
Might give me a kissAnd you know it feels some type of way
Cos you know my heart gonn' break
And it feel some type of cold
when you are out here on your own
yeahhhhh, yeahBut that's just how it is, that's just how we liveSometimes I think everyone judging me,
Sometimes I think everyone loving me
Sometimes I think everything bugging me,
Sometimes I think nobody fuck with me
Is you fucking with me, just to fuck with me, why you hit me up all this, this suddenly
Asking me shit like wassup with me, so you could say you keep in touch with me,
damn thats just how it is, I don't want no friends i just wants a benz
haters on my cars watch use to be an offense, blowing names off, now they're blowing in the wind
just remind me all the way back there, said I'll never make my way back there, it was hell j all the way back there, hell j all the way back thereI could do a million good things you'll only see me when I fall, damn
But that's just how it is, that's just how we live
They might shut me down
Might give me a kissAnd you know it feels some type of way
Cos you know my heart gonn' break
And it feel some type of cold
when you are out here on your own
yeahhhhh, yeahPosted by avecmoijess
