Fly By Night (feat. Tish Hyman)

Broiler

oh oh oh oh oh oh oh
Come closer to me baby hear me now
Somethings telling me you know how to put it down
That look in your eyes
So so so so lets do things people dont say out loud
So dont give me your time
I dont care
Lets go right there
Oh oh oh oh
you can fly tonight
So lets fly by nightYou can pick up some speed but dont slow it down
Baby im not afraid so just let it all out
Dont make a sound
No need for i love you im faded right now
Give me all time
I dont care
Lets go right there
Oh oh oh oh
You can fly tonight
So lets fly by nightSo lets fly by nightso lets fly by night
