

# Before I Leave!

## Root

[Big Boss, Ashok / Big Boss] Before I leave to reach the Deceased

I want to let you know the Truth.

I know the Laws that are engraved

In the silver vault of the Monster's skull. Some were smoothed away by the flow of Time

And they lost their meaning.

Those, which still can be read,

Turned into Mighty Magic Spells. Those, who are watchful now,

Will be sure to find the Key to them.

But using them for the evocation

Is deadly to everyone!
