

Out of Frequency

The Asteroids Galaxy Tour

Now I got you on my mind
Cause I know now you're leaving town
I just wanted you to say:
"Why don't you come or should I stay"
You're going away I said it's okay
Why don't I ask you love to come and stay
Come and stay Waitin every night till my mind go mad will you ever come back
Stay|Stick around till the sky turn black and I hear you say:
"I'm on my way" get me under your thumb whatever
Fun come around be my moon and my sun till the day that we're gone
Yeah yeah Am I blinded by the dark
I feel strange now that we're apart
I can't seem to find the time
For any joy or any thought of life
Are you okay tell me are you okay
I'm afraid your will won't ever cross my way
Cross my way Waitin every night till my mind go mad will you ever come back
Stay|Stick around till the sky turn black and I hear you say:
"I'm on my way" get me under your thumb whatever
Fun come around be my moon and my sun till the day that we're gone Now I heard you're coming home
Well I won't take or pick up the phone
I will meet you in the street
Suddenly out of frequency
I've been okay yeah I've been okay
Why don't you knock my door and come and stay
Come and stay Waitin every night till my mind go mad will you ever come back
Stay|Stick around till the sky turn black and I hear you say:
"I'm on my way" get me under your thumb whatever
Fun come around be my moon and my sun till the day that we're gone Waitin every day (8 times)
