

Wellington Road

Strangelove

God is looking down upon the shivering ones
Shooting up down on the Wellington Road
And reaching out for their arms But we don't wanna know
Down on the Wellington Road
Where all tomorrow's peace of mind
Is bought and sold Oh, but he never gives up on you
Oh, no, he never gives up on you
No, no, he never gives up on you
No, no, he never gives up on you Up on you
Up on you
Up on you Life's a little longer on the Wellington Road
Grinding teeth down 'til the money goes cold
We shake our fist at the sky 'Cause we already know
Down on the Wellington road
The only saviors left behind
Are bought and sold Oh, but he never does let you go
Oh, no, he never does let you go
And whoa, and he never gives up on you
No, no, he never gives up on you Up on you
Up on you
Up on you Up on you
Up on you
Up on you
Up on you God is looking down upon the shivering ones
Shooting up down on the Wellington Road
Reaching down for their hearts But we don't wanna know
Down on the Wellington Road
Where all tomorrow's peace and love
Are bought and sold Oh, but he never does let you go
No, no, he never does let you go
And whoa, and he never gives up on you
No, no, he never gives up on you Up on you
Up on you
Up on you Up on you
Up on you
Up on you
Up on you He don't give up on you
He don't give up on you
He don't give up on you
