

# Touch (Radio Edit)

## Shift K3Y

Feel to get a suit for tonight  
You know I got a pretty young thing by my side  
She's gonna call me when she's finished with her hair  
And when she's found something sexy to wear  
And if she wants to  
We can hold each other's hands just that slow  
Oh, she can hit it to the ground and drop it low  
I've been waiting all week to get to know  
Oh, just how to make a move, II just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side  
I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side  
Tell me, is it easier to see  
That I don't want nobody else for you and me  
Minutes later and I'm racing to your door  
I never wanted someone's touch like this before  
And if she wants to  
We can hold each other's hands just that slow  
Oh, she can hit it to the ground and drop it low  
I've been waiting all week to get to know  
Oh, just how to make a move, II just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side  
I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side  
I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side  
I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side  
I feel your skin connect to mine  
It's at the top of anything that I could want  
I let it take all my time  
Nothing else I want, nothing on my mind  
I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side  
I just wanna feel your touch

I never wanna give it up  
You can never give me way too much  
While I'm by your side I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side I just wanna feel your touch  
I never wanna give it up  
You can never give me way too much  
While I'm by your side
