

# Don't Hide

## Teenage Fanclub

Your sadness don't lie  
Your feelings can't hide  
You always know why  
But your reasons are sly  
You never deny  
What you feel inside

I

I Disappear when you're not here  
In my life  
I can't slip away when I see your face  
I lose my confusion

Your Love Is The Place Where I Come From  
When I'm on my own I'm lost in space  
My freedoms a delusion

Your Love Is The Place Where I Come From  
My sadness don't lie  
My feelings can't hide  
I Just can't deny  
What I feel inside  
CHORUS to end
