Bombshell From Hell

Scum Of The Earth

Bombshell from hellDevil woman slut, strut your lust
God sold his soul, put the devil on the cross
Blood of the whore, dead man's desire
Skin turns red and eyes to fireWell, feed me lies, lap dance me dead
Tie me up and do it again
Tattooed thighs, no breath inside her
Spit my soul into the fireBombshell from hell, godless Jezebel
Bombshell from hell, got no soul to sell
Bombshell from hell, bombshell from hellNazi demon, nine lives, snake eyes
Got black leather wings, hustle under red lights
SS death stomp girls for hire
Strip club demon, this girls on fireWell, beat me like I'm already dead
Wrap your tail around my neck
Silver tongue pitchfork beside her
Spread your legs become desireBombshell from hell, godless Jezebel
Bombshell from hell, got no soul to sell
Bombshell from hell, bombshell from hellBombshell, bombshell from hell
Bombshell, bombshell from hell
