TIME TO BURN

Krumble

Time never bothered me
Till I saw it slipping slowly away from me
And time took my years away
Gave me back my memories of a better day
And now I've got a lot to lose
I've got a lot to learn
And no time to burn
Rain spoiled a sunny day
Till I saw those cleansing drops took the dirt away
And change always frightened me
Till I changed into the man I always knew I could be
And now I've got a lot to lose
I've got a lot to learn
And no time to burn
Here we go
Now I've got a lot to lose
I've got a lot to learn
And no time to burn
Now I've got a lot to lose
I've got a lot to learn
And no time to burn
Now I've got a lot to lose
A lot to learn
And no time to burn
