

Relax

buddha beats

I got to the Hilton full throttle, full on
Choke the bottle and I take it strong
Come a little closer, can you hear my thong?
What's the matter boy, I say something wrong?
Take my pulse and add insult
Smoke a little cigarette and join my call
I get results doin' somer, somersaults
Think you got the combination, crack that vault
No votes, chest coast
I'm the virus, you're the host
Relax, slip in the cracks
I'll take you to another place, we're makin' contact
Relax, slip in the cracks
I'll take you to another place you never wanna come back
I'm the real sea's velvetine
Just press start on my main machine
Site on scene another Halloween
Strip sixteen on my mosiclean
Bam, bam, bam, that how the party begin
Wham, wham, wham, it's all a part of the plan
Takin' stand bringin' the glam shizam
I'm a wonder woman
Ground floor, French door
One more, whatchu waiting for?
Relax, slip in the cracks
I'll take you to another place, we're makin' contact
Relax, slip in the cracks
I'll take you to another place you never wanna come back
Ooh, try a little harder
Ooh, try a little harder
Ooh, try a little harder
Ooh, try a little harder
Sweet sweat gland, come and take my hand
Sink in the sand to my holy land
Bring on the chaos, the sauce galore
I pour it on thick then I pour some more
Bam, bam, bam, that how the party began
Wham, wham, wham, it's all a part of the damn
Takin' stand bringin' the glam shizam

I'm a wonder woman
Relax, slip in the cracks
I'll take you to another place, we're makin' contact
Relax, slip in the cracks
I'll take you to another place you never wanna come back
Relax, slip in the cracks
I'll take you to another place, we're makin' contact
Relax, slip in the cracks
I'll take you to another place you never wanna come back
No votes, chest coast
I'm the virus, you're the host
Ground floor, French door
One more, whatchu waiting for?
Ooh, try a little harder
Ooh, try a little harder
Ooh, try a little harder
Ooh, try a little harder
