Monsters

Timeflies

I see your monsters,
I see your pain
Tell me your problems
I'll chase them away
I'll be your lighthouse
I'll make it okay
When I see your monsters
I'll stand there so brave
And chase them all awayA cup of coffee still steamin'
Starin' back at me and its blacker than the night eyyy
I'm awake but still sleepin'
I keep telling myself I'll be alright, I won't
And I know it can't get worse than today
Sittin' here and she's tryna rehearse what to say
See, She's in the bathroom and hoping I'm not in ear shot
While she's getting used to the sound of a tear drop
Splash- it hits the tile
And I know it's been awhile since she's seen my smile and
laugh like I used to
I've been in denial since it happened
Just take me to the past, cause I just cant imagine losing you too.
I cant explain it so I keep it all inside.
I wear my pain but it's masked by my pride
She came to hold me and she cried.
Told me this as she stared into my eyes.I see your monsters,
I see your pain
Tell me your problems
I'll chase them away
I'll be your lighthouse
I'll make it okay
When I see your monsters
I'll stand there so brave
And chase them all awayI can't, you wont like what you see
If you were in my head and had to hear my plead
Its like, I can't believe this is happenin' to me
and can someone please shut this fucking answering machine
So I can start leaving these messages that you will never get.
And all these cries for help you'll never see you'll never check
But I guess its easy for you to leave me

But believe me see this isn't something that imma just forget
I would trade it all for one more minute
Don't ya see I really need you to talk to
I'm still sittin' here wondering who did it
while im starring out our front door knowing you'll never walk through.
You said you'd come right back,
and now your gone like that
A blank stare as I stand so alone,
I know you're never comin' homeI see your monsters,
I see your pain
Tell me your problems
I'll chase them away
I'll be your lighthouse
I'll make it okay
When I see your monsters
I'll stand there so brave
And chase them all awayUh, I got a heart made of fools gold
got me feelin' so cold,
you keep chippin' away
All the promises that I told fell like I was on those
They keep slippin' away
I want nobody else but its hard to get to know me
when I don't know myself
and it helps cause I felt I was down I was out then you looked at me now and saidI see your monsters,
I see your pain
Tell me your problems
I'll chase them away
I'll be your lighthouse
I'll make it okay
When I see your monsters
I'll stand there so braveI see your monsters,
I see your pain
Tell me your problems
I'll chase them away
I'll be your lighthouse
I'll make it okay
When I see your monsters
I'll stand there so brave
And chase them all away
