Nightlines

Gravity Co.

I stroll along lookin for somethin
The radar flashes red lights
Still I soldier on the legs are pumpin
Nothing stoppin me tonightI stroll along lookin for somethin
Trenches drenched in nightlife
Still I soldier on the legs are pumpin
Nothing stopping it's all rightNightlines little mines can sell the perfect future
Nightlines blow your mind can sell my perfect selfI stroll along lookin for somethin
The radar flashes red lights
Still I soldier on the legs are pumpin
Nothing stoppin me tonightNo GPS no digital track wild night fights my lines attack
When I soldier on lookin for somethin
Nothing stops my dynamite
