Born To Die

Blonds

Open up my eyes
Release me
I can't believe
This is happening to me
Born to live but sworn to die
My body is warm, my fingers are cold
I think they buried me alive
I might have found, I lost my soul
As the pages of my life unfold
Opened up my eyes
Release me
Did I walk a long way?
Today is finally owned me
Twist a blunt, it's time to fly
The cough is growing
Your Microdots are flowing
Oh my God, I'm ready to die
Born to die
(Born to die)
Born to die
Born to die
(Sing together)
Born to die
I can't believe
This is happening to me
Born to live but sworn to die
My body is warm, my fingers are cold
I think they buried me alive
I might have found, I lost my soul
These are the pages of my life
Born to die
(Born to die)
Born to die
Born to die
(Sing together)
Born to die
