

# Endless Night

Elisa

An Endless Night  
No dawn in sight  
Sleep is out of reach  
But your dreams are dear Now your tears (now your tears)  
They have dried (they have dried)  
And you fear  
Clad yourself in flame and steel  
The moment's nigh  
You're out to try  
You fear  
Clad yourself in flame and steel Clad yourself in flame and steel (Now your tears)  
Clad yourself in flame and steel An Endless Night  
No dawn in sight  
Sleep is out of reach  
But your dreams are dear
