

Through the Eyes of a Child

Her Space Holiday

I know the days aren't so long
And time passes by
My joy in this world is kissing your eyes
I'll change with the seasons
I know my mom gave me up for a good god damn reason
That I still don't know I took my one good thing and threw it away
you say that aren't leaving, but I'm still afraid
I wouldn't blame you for leaving
I know my mom gave
