

Sleep

Taking Back Sunday

(Yeah)

Well, we assure you the procedure is safe and routine
Dramamine sends haunting dreams (Dramamine sends haunting dreams)
With an incessant drip, signs pockets like a palsy
'cause you have to work hard for (yeah you work hard for what you've got)
yeah you have to work hard for... (yeah you work hard for what you've got)
Yeah you work and now you're...Local anesthesia, teases, local anesthesia, teases,
local anesthesia, teases, local anesthesia
Sleep oh! sleep oh! sleep oh!
We'll breathe the sweet air through your nose
Sleep oh! sleep oh! sleep oh!
We'll breathe the sweet air through your noseSomething practiced is something perfect
our selfishly, sly member, cuffed
The season's got us eating less and less (less and less)
You walk the full length of Manhattan in no time flat
While your slow, sick words start sticking to every stairYeah you work hard for what you've got
Yeah you work hard for what you've got
Yeah you work and now you're...Local anesthesia, teases, local anesthesia, teases,
local anesthesia, teases, local anesthesia
Sleep oh! sleep oh! sleep oh!
We'll breathe the sweet air through your nose
Sleep oh! sleep oh! sleep oh!
We'll breathe the sweet air through your noseLocal anesthesia, teases, local anesthesia, teases,
local anesthesia, teases, local anesthesia, teases, makes you...Sleep Oh! sleep oh! Sleep oh!
We'll breathe the sweet air through your nose
Sleep oh! sleep oh! sleep oh!
We'll breathe the sweet air through your noseYeah you work hard for what you've got
Breathe the sweet air through your nose
Yeah you work hard for what you've got
Yeah you work hard for what you've got
Yeah you work hard for what you've got
Yeah you work hard for what you've got
Yeah you work hard for what you've got
Yeah you work and now you're...
