Phoenix

Breaking Pangaea

On the sun
It is raining
Waterfalls
Flow with fire
You can hear
Phoenix cry out
Please forgive me my love
On the sun
Years are countless
And the days
Burn forever
Still she waits
With the message
Please forgive me my loveWhen the fire burns hot like cold rain
When the fever burns down in your brain
Will you still be with me my dear
Please forgive meStay with me on the sun
Burn forever
