

Set Me Free

Gene Loves Jezebel

Just tell me why we can't be friends
Just tell me why you pretend
I'm gonna throw you a line
And I hope you reach it in time You'd better set me free
Set me free
You'd better set me free
Set me free It's not the way you said it was
It's not the way it could've been
It really doesn't matter to me
Just as long as you set me free You'd better set me free
Set me free
You'd better set me free
Set me free Set me free Darling, they say you're a trauma
You walk on glass.....
I'm the one
Didn't ask to be
I'm the one
Just love it like.....
I'm the one, I'm the one Set me free, set me free
You'd better set me free, set me free
You'd better set me free, set me free
You'd better set me free, set me free
Set me free.....
