Almost Love

Julian Perez

What am I gonna get you girl
I wanna buy you the whole wide world
All I got is a letter jacket and a mood ringSometimes I see you standing in the hall
And I can't say a thing at all
Deep inside, I'm writing you poetry
Yes, I amI almost love you, I can almost feel your kiss
Almost promise my heart
But my promise is more like a wish
Oh, I don't know what all this meansBut girl I can't get you out of my dreams
Every time that we get close
It's almostYesterday, I saw you on the hood of a car
With an older guy, he was playing his guitar
You gave him your smile
I could have cried but I just frozeShould I stand up to him, should I pick a fight
Should I get you to run away with me tonight
I don't know how to get there or where we'd go
Don't you knowI almost love you, I can almost feel your kiss
Almost promise my heart
But my promise is more like a wish
Oh, I don't know what all this meansBut girl I can't get you out of my dreams
Every time that we get close
It's almostLove, it's almost the right stuff
It's almost the flight of a pure white dove
It's almost true loveI almost love you, I can almost feel your kiss
Almost promise my heart
But my promise is more like a wish
Oh, I don't know what all this meansBut girl I can't get you out of my dreams
Every time that we get close
It's almostLove, it's almost the right stuff
It's almost the flight of a pure white dove
It's almost true loveIt's almost true love
It's almost the right stuff
It's almost the flight of a pure white dove
It's almost true love, yeah
