

# Almost Love

**Julian Perez**

What am I gonna get you girl  
I wanna buy you the whole wide world  
All I got is a letter jacket and a mood ring Sometimes I see you standing in the hall  
And I can't say a thing at all  
Deep inside, I'm writing you poetry  
Yes, I am I almost love you, I can almost feel your kiss  
Almost promise my heart  
But my promise is more like a wish  
Oh, I don't know what all this means But girl I can't get you out of my dreams  
Every time that we get close  
It's almost Yesterday, I saw you on the hood of a car  
With an older guy, he was playing his guitar  
You gave him your smile  
I could have cried but I just froze Should I stand up to him, should I pick a fight  
Should I get you to run away with me tonight  
I don't know how to get there or where we'd go  
Don't you know I almost love you, I can almost feel your kiss  
Almost promise my heart  
But my promise is more like a wish  
Oh, I don't know what all this means But girl I can't get you out of my dreams  
Every time that we get close  
It's almost Love, it's almost the right stuff  
It's almost the flight of a pure white dove  
It's almost true love I almost love you, I can almost feel your kiss  
Almost promise my heart  
But my promise is more like a wish  
Oh, I don't know what all this means But girl I can't get you out of my dreams  
Every time that we get close  
It's almost Love, it's almost the right stuff  
It's almost the flight of a pure white dove  
It's almost true love It's almost true love  
It's almost the right stuff  
It's almost the flight of a pure white dove  
It's almost true love, yeah
