Pretty Girls

Joe Jackson

Here she comes just a-walk, just, just a-walkin' down the street
Singin' down do be do do wop a do do wop a do do wop
Down do be do do wop a do do wop a do do wop
HeyI took a walk round the market down town
Taking it easy just to see what I could find
I found the girls there, long legs and blond hair
All getting set to make a mess out of my mindHey, eyes leftI got the hard word, you know where I hurt
They say the miniskirt is coming back in style
I say it's not fair but what do they care
When you've got power then you use it for a whileHey, eyes rightSee the pretty pretty pretty girls in the street
Down do be do do wop a do do wop a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop a do do wop
Down do be do do wop, wopGod, if you're up there, listen to my prayer
In future man should have a different design
Give him a switch so he can turn off his libido now
Give him a tranquilizer built into his mindHey, eyes rightSee the pretty pretty pretty girls in the street
Down do be do do wop a do do wop a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop a do do wop
Down do be do do wop a do do wop a do do wopHey, eyes rightSee the pretty pretty pretty girls in the street
Down do be do do wop a do do wop a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop a do do wop
Down do be do do wop, wopDon't talk to me about women's liberation
They already got their right just where it hurts
Now here she comes just a-walk, just a-walkin' down the street
Singin' down do be do do wop a do do wop, a do do wop
Singin' down do be do do wop a do do wop, a do do wopSee the pretty pretty pretty girls in the street
Down do be do do wop a do do wop, a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop, a do do wopSee that pretty pretty pretty girls in the street
Down do be do do wop a do do wop, a do do wop
See them walkin' with their pretty shoes on their feet
Down do be do do wop a do do wop, a do do wop
Down do be do do wop, wop
