

Book of Stone

[qanda](#)

Well you're free, but what do you see?

Your x-ray vision does you no favors

Well I tried to understand the reasons why

You're just never satisfiedOpen your eyes

They've carved their names into a book of stoneWell, it's swell. You point out others' faults so well

But they're afraid to send you straight to hell

By now your friends don't help you like before

They're tired of fighting someone else's warOpen your eyes

They've carved their names into a book

Open your eyes

Their names are there

Your heart is like it's carved into a book of stone
