

Greedy Love

B.o.B

(l. stansfield/i. devaney/a. morris)

Can't get my sleep 'till I get what I want

I won't be happy 'till I'm using it up

I can't decide if it's right or it's wrong

One thing for sure, I know I've got to have it

Chorus:

Oh, this greedy love, oh, this greedy love

This love is in my blood, this love is in my bones

This love is never ending, this love is never saying no

Oh, this greedy love

I try to fight the hunger I have

Try not to think about the feeling I crave

I close my eyes and it's there in my head

I won't let go 'till I know I'm going to have it

Chorus

This love it makes me restless

This love is everything

This love won't wait for morning

This love is driving me insane

This love is in my blood

This love is in my bones

This love is never ending

This love is never saying no

Chorus

I can't decide if it's right or it's wrong

One thing's for sure, I know I've go to...

This love is in my blood

This love is in my bones

This love is never ending

This love is never saying no

Chorus and fade
