

Walking on the Moon

Karmin

My mind is blown
Lose all control Uh, uh, uh Feelin' like I got my MJ shoes on
Can we get a move on?
Let's go on the beach, brah
Pick us up some moon rocks
Anytime you wanna stop
I can make the stars
Spotlight on the dance floor
What do we got the DJ for?
Just left Earth
Now we on our way to Pluto
Call it what you want
We the daringest duo
Higher and higher we goin' up another kilo
Pressure from the crime
Sittin' heavy like a sumo
I just place melodies
Every flavor jelly beans
Make me wiggle, make me giggle
Sea anemones
Peace out stratosphere
Lickity-split I'm outta here
Space, trippin', gravity, slippin' My mind is blown
With every single thing you do
Lose all control
Like I'm walking on the moon
You got me sprung
And I'm trippin' over you
Baby boy your love
Got me walking on the moon
The moon, the moon, the moon (yep!) yeah You got me stompin' like a love drunk alien
DJ play our song again
Take me a society test
And imma a fail again
Blurry is my eyesight
Stumble on my walk like
You and me can make our own constellation tonight
Just made sense
Now I'm on another level

Please don't burn me up
Fast like the devil
I'm in first place
Maybe I should get a medal
Never been this high up
Foot on the pedal
I just place melodies
Every flavor jelly beans
Make me wiggle, make me giggle
Sea anemones
Peace out stratosphere
Lickity-split I'm outta here
Space, trippin', gravity, slippin' My mind is blown
With every single thing you do
Lose all control
Like I'm walking on the moon
You got me sprung
And I'm trippin' over you
Baby boy your love
Got me walking on the moon
The moon, the moon, the moon, yeah Everything about you takes me high, yeah
To the moon just like a satellite, oh
Never known a love like this before
I'm a million miles up off the floor, or or oh My mind is blown
With every single thing you
Lose all control
Like I'm walking on the moon
You got me sprung
And I'm trippin' over you
Baby boy your love
Got me walking on the moon My mind is blown
With every single thing you
Lose all control
Like I'm walking on the moon
You got me sprung
And I'm trippin' over you
Baby boy your love
Got me walking on the moon The moon, the moon, the moon, yeah
The moon, the moon, the moon, yeah
