

Handful

Kelis

Hey you ain't ready for me
Ain't ready for me, oh no, oh no
Hey you ain't ready for me
Ain't ready for me, oh no, oh no
I'm known around the block
To keep my weight up like the big guys
Know how to throw my weight like the big guys
I know I want too much, I got big eyes
So I seek how to get it with these big eyes
Catch me flossin' with my working pumps on
Work 'em dress, work 'em lipstick on
Your spoon ain't ready for this honeycomb
If you a handful sing along
Ba, ba, ba
I'm a handful
Ba, ba, ba
Hear me beating down the block in my grey Porsche Cayenne
Gotta be hot red like Cayenne
See them dudes hittin' switches in them low lows
I know how to hit them switches in them low lows
You might see me with a 3 piece on
Pin stripe, holla fitted cap on
You ain't ready for this honeycomb
If you a handful sing along
Na na, na boo boo
Is it overwhelming?
Can't stand the drama
Just can't help it
Na na, na boo boo

If you having problems
This how you solve 'em
Tell 'em you a handful
(Ba, ba, ba)
Hey you ain't ready for me
Ain't ready for me, oh no
I'm a handful
(Ba, ba, ba)
Hey you ain't ready for me

Ain't ready for me, oh no, oh no
Na na, na boo boo
Is it overwhelming?
Can't stand the drama
Just can't help it
Na na, na boo boo
If you having problems
This how you solve ?em
Tell em' you a handful
Ba, ba, ba
I'm a handful
Ba, ba, ba
(Ba, ba, ba)
Hey you ain't ready for me
Ain't ready for me, oh no
I'm a handful
(Ba, ba, ba)
Hey you ain't ready for me
Ain't ready for me, oh no, oh no
