Blind Little Rain

Asobi Seksu

Advisory - the following lyrics contain explicit language:

I'm so anxious just to get out
Forget the cars I need to walk
Feel the grass under our sneakers
Save the smiles until it's darkThe water's not safe to go in today
Overjoyed but I won't be afraid
Saw a little red hand in the clouds today
Laughing while we're covered by the rainYou're never outside as you're acting
My attention's never far
Let the ocean kiss your wrinkles
And save the doubts until it's darkThe water's not safe to go in to today
Overjoyed but I won't be afraid
Saw a little red hand in the clouds today
Laughing while we're covered by the rainWater clearly in my head today
Heard it clearly in my head today
Heard the crashing waves
Ringing clearly in my head today
Heard the waves ringing in my head today
