Ex to See (Acoustic Mixtape)

Sam Hunt

Well there ain't enough smoke in my eyes
To hide the kinda games you're trying to play (trying to play)
Honey don't you act so surprised
You know exactly what I'm 'bout to say ('bout to say)
You kiss my lips, like you mean it
But you ain't that slickEverywhere we go you keep looking around
Fixing your make up like it's about to go down
And he walks in, it all makes sense
Suddenly you're climbing all up next to me, next to me
I ain't no fool, you rascal you
You don't want me, you just want your ex to see, ex to see
Woah woah woah
Woah woah
Woah woah oohSo that's why when I pick you up
You always want me to drive your car
So I can leave mine at your house
And he can wonder where you are
Well you're right here
Looking sexy whispering in my earEverywhere we go you keep looking around
Fixing your make up like it's about to go down
And he walks in, it all makes sense
Suddenly you're climbing all up next to me, next to me
I ain't no fool, you rascal you
You don't want me you just want your ex to see, ex to see
Woah woah woah
Woah woah
Woah woah oohYou just, you just, you just want your ex to see
I just, I just, I, you, you just, just want your ex to seeGirl you look kinda cute, called out
You're making it hard to have hard feelings for you now
So hey, did he really do you wrongI guess I can play along
I guess I can play along
He walks in, it all makes sense
Suddenly you're climbing all up next to me, next to me
I ain't no fool, you rascal you
Girl come here and kiss me
I just want your ex to see
Woah woah woah
Woah woah
Woah woah ooh

I just want your ex to see
Woah woah woah (Ex to see)
Woah woah (Ex to see)
Woah woah ooh
I just, I just, I just want your ex to see
I just, I just, I just want your ex to see
Girl you look kinda cute, called out
I just, I just, I just want your ex to see
I just want your ex, I just want your ex
I just want your ex, I just want your ex to see
