

# No Soul

## Burning Jet Black

When we were young  
Hymns were sung but never sold  
Never sold You flung your hands  
In His plans, they're getting cold  
Getting cold If you're fearful  
Finger them out  
If you're vengeful  
Scream when they shout  
If you're wealthy  
Blessed is your name  
If you're wicked  
Live with no shame You've got no soul  
You've got no soul The debt parents paid  
Prophets pray for little kids  
Little kids Faced with their fate  
The Makers bait swallows them in  
Swallows them If you're fearful  
Finger them out  
If you're vengeful  
Scream when they shout  
If you're wealthy  
Blessed is your name  
If you're wicked  
Live with no shame You've got no soul  
You've got no soul One chance to toss  
Shit when you've lost, see where it lands Your faith in him  
Struck on a whim for all your fans You've got no soul  
You've got no soul  
Soul
