

# Vultures (Be There for Me)

## Kill Hannah

Howling breaks the silence  
Vultures and the spiders  
Footsteps on the roof  
And that's not nearly all  
Wolves are close behind us  
They're always breathing down my bony neck  
Child, shut your eyes and pray that God makes them leave  
A fear washes over me and I need to know  
Will you be there for me when I fall to pieces?  
Will you listen to me as I'm falling to pieces?  
Will you stand here right beside  
I truly hear things in the night  
I'm always hiding under mattresses  
And now I'll never come out, I'll never get up  
I heard the doctor say there's some kind of drug  
That makes it always birthday morning  
Halloween and Christmas day  
That I'll take until my white old age  
But I need to know just what to do now  
Will you be there for me when I fall to pieces?  
Will you listen to me as I'm falling to pieces?  
Will you sing me to sleep when my ears won't stop ringing?  
Or will you whisper to me pretty lies as you're leaving?  
Will you be there for me?  
Will you be there for me?  
Will you be there for me?  
I truly hear things in the night  
(Will you be there for me?)  
I truly hear things in the nighttime alone  
(Will you be there for me?)  
I truly hear things in the night  
(Will you be there for me?)  
I truly hear things in the nighttime alone  
(Will you be there for me?)  
I truly hear things in the night
