Heaven or Hell

The Morning Of

[Justin Wiley]
Do you feel the same?
I've given it time
But you went away
And left me to die
Time goes on and on and on again
But I just feel worse
I soldier on and on and on
But you won't return

[Jessica Leplon]
I've seen heaven and hell, made too much of myself
Built this world on my shoulders for a story to tell
I've been broken and bruised, left my lungs overused
Watched you walk away
Watched you walk away

[Justin Wiley & Jessica Leplon]
There was a time when I
Counted on you to be here for me
Now that seems naive
Life goes on and on and on
And I just stand still
You move on and on and on
And nothing feels real

[Aaron Marsh of Copeland]
Here..lay still
Open my heart
Feel it slow
I put you out
The way I fell in
If you turn to me now I could only say this
Now if you're scared to death like me
But you'll not get a bit of rest
For the pounding and calling at a door in your little chest
If you're scared to death like me, close your eyes
Just close your eyes
