Time Is a Bandit

Ricky Skaggs

Darling darling have you seen us
Just tryin' to find one hour in twenty four twenty four
To dedicate to the love between us
Before one of us is up and out the door out the door
Time is a bandit time is a thief
It's lyin' under handed tryin' to steal you away from me
We'd better treasure the precious moments
We live so fast they're few and far between far between
And when we have a chance for a little romance
We'd better lock the clock outside and hide the key hide the key
Time is a bandit time is a thief
Time is a bandit time is a thief
