

# Fools Game

**Michael Bolton**

When I met you  
Ohh, you know at first you had me so confused  
We used to lay awake at night  
Strugglin' with the feelings I so long refused When I surrendered my love  
I saw you turn your heart to cold to ice, darlin'  
I put my heart on the line for you  
Ohh, did I put my heart on the line? Yea First you take me to the highest ground  
Then you keep me hang, like some village clown It's such a fool's game, yea  
Such a fool's game  
I keep playing such a fool's game, yea  
I keep on playin', I keep on playin' this fool's game  
Yea, this fool's game I can't take another sleepless night  
Tryin' to light the fire down inside of you  
I don't mind I had to swallow my pride  
To get a feelings like you never knew, you never knew Got the secret in the palm of your hands  
Will you keep it woman, will you break this man? It's such a fool's game, yea  
Such a fool's game  
I keep playing such a fool's game, forever  
I keep on playin', playin' a fool's game Girl I know you're playin' full time  
But it may be too late when you make up your mind Yea, you keep me in this fool's game  
Forever in your fool's game  
You got me caught up in this fool's game  
Such a fools' game, how long fool's game  
How long will you keep me in this smooth game?  
Forever such a smooth game, yea fool's game  
There's no way to win as long as I'm into such a fool's game  
You waste my precious time, I put my heart on the line  
You better make up your mind
