## Where I've Begun

## **Depswa**

I'm giving to myself most of the time I don't need no one else to bring me down

And I don't want to hurt no one

But I'm still where I've begun

Where I've begun, where I've begunWhen will I feel myself again

(Where I've begun)

When will I feel more than less upon

(Where I've begun)When will I feel myself again

(Where I've begun)

When will I feel more than less upon

Where I've begunTime tease the day control of room

But I don't mind if some I've ever seen

And I don't want to hurt no one

But I'm still where I've begun

Where I've begun, where I've begunWhen will I feel myself again

(Where I've begun)

When will I feel more than less upon

(Where I've begun)When will I feel myself again

(Where I've begun)

When will I feel more than less upon

Where I've begunWhere I've begun

Where I've begun

Where I've begunWhere I've begun

Where I've begun

Where I've begunWhen will I feel myself again

(Where I've begun)

When will I feel more than less upon

(Where I've begun)When will I feel myself again

(Where I've begun)

When will I feel more than less upon

Where I've begunWhere I've begun

Where I've begun

Where I've begun
