

A New Kingdom

[Sarah Connor](#)

verse 1

Silent is the night

Winter magic outside

Angels they started to sing

Let a new kingdom beginverse 2

All my wishes come true

When I'm thinking of you

Love is the gift that you bring

Let a new kingdom beginverse 3

Saviour of all mankind

Hope is what we can find

Come and forgive us our sins

Let a new kingdom beginverse 4

Greatest lord of all lords

Fighter without any sword

Conquer each heart from within

Let a new kingdom begin
