

# All Night Long (Sy & Unknown Remix)

[Lasgo](#)

Baby, lay it on the line  
If I am on your mind  
Baby, do you like romance  
If you care for me, you better take this chance  
Baby, I played my last card  
So please don't break my heart  
Baby, time is running out  
If you want me too then you just give a shout  
I want to make love with you  
All night - All night long  
I want to make love  
With you - All night long  
Baby, I am on my knees  
Be mine, I'm begging you please  
Baby, it's decision time  
Got to know right now, there's nowhere you can hide  
I want to make love with you - All night  
I want to make love with you - All night  
I want to make love with you  
All night - All night long  
I want to make love with you - All night long
