'Counting'

Autre Ne Veut

(Verse)
Thinking now when you dont mean that
Speak, this is not a time we dont see
This is not a way for you and me
I dont wanna be with you all night alone
Its in my time to break it off
I dont wanna die and break it up
I dont wanna know where we make it out
No, no, no(Chorus)
Im counting on the idea that you'll stay
Im counting on the idea that you'll stay alive(Verse)
Take it down when you dont mean
Down soft, this is not a world for you to love
And I dont wanna see that fade our love
This is not the way that it was meant to be
Taking off out and making love
Everything you say is breaking up
This is not a time for this to stop
No, no, no(Chorus)
Im counting on the idea that you'll stay
Im counting on the idea that you'll stay alive(Verse)
Thinking now when you dont mean go to face
This is not a time when you can raise
This is not a time when you're okay
I don't want the feeling you are not alone
It's in my time to make it out
This is not your time to make it out
This is not your time to make it out
No, no, no(Chorus)
Im counting on the idea that you'll stay
Im counting on the idea that you'll stay aliveIm counting on the idea that you'll stay alive
I need you for a little while longer
Im counting on the idea that you'll stay a
